

## Dexatek ATSC Hybrid Plus Dongle USB2.0

### Overviews:

- **Audio-Visual Recreation**  
With Dexatek ATSC Hybrid Plus Dongle USB2.0, you can really enjoy watching (or recording) Digital HDTV (ATSC) / Analog TV (NTSC System) on your computer or laptop. In addition, you can even hook it up to your home video entertainment system through the additional AV and S-Video input.
- **Powerful Audio-Visual Function**  
With **TotalMedia** application, you can pause live TV and resume playback from where you left with the Time-Shifting function. Scheduled Recording function lets users not miss any TV show .
- **Supports ATSC 8VSB and QAM**  
Besides watching free-to-air digital TV (8VSB), you can watch unencrypted cable channels (both 64 and 256 QAM) even without a separate digital STB.

### Features:
